**Prophetic Words
HFLW -2016**

The Year 2016
Apostle Linda Lariscy

**Psalm 84:7 (ESV) They go from strength to strength; each one appears before
God in Zion.**

As we begin our tenth year of ministry we see what the Lord has done and we give Him glory. He has increased us and made straight paths for us to walk. 2015 was a year of finishing and now we are moving into a year of maturation. We will all rise in understanding our identity and purpose for being. We are stronger and are moving in greater unity as we enter into 2016.

Psalm 138:8 (KJV)

**The LORD will perfect that which concerns me: thy mercy, O LORD, endures
forever: forsake not the works of your own hands.**

This year the focus is on maturing, the putting away of immature behavior and desires. Divine order is necessary for us to go on to the next phase of expansion beginning in 2017. We will need a new level of anointing and grace to accomplish what God is calling us to build. This anointing will rise as we continue through the year. Its power will change our corporate and personal atmospheres.

**Psalm 92:13-14 (ESV) They are planted in the house of the LORD; they flourish
in the courts of our God. They still bear fruit in old age; they are ever full of sap
and green.**

God requires you to plant yourself in HFWL this year. This means to connect to your apostle and properly align to her as one sent to you by God. You may have been in the house many years and may think you are not going anywhere but this is an immature understanding. If you plant yourself, you will grow and do mighty exploits as you connect to the vision of your apostle and the grace she carries. She has the vision and blueprint for what God is calling us to build as His body in the territory he has placed us. As she is sent Christ too will send you. You will possess apostolic grace to successfully complete whatever God is leading you to

do. You will be fruitful because you have aligned yourself to your apostle who is a carrier of God's grace. Your understanding will mature in this area and you will have more fullness as you by faith move from a personal outlook to a corporate kingdom mindset. Your personal life will reflect this commitment. You will see many blessings come to you and you will have peace and joy. God desires to abundantly bless you in the house.

John 14:2 (KJV) In my Father's house are many mansions: if it were not so, I would have told you. I go to prepare a place for you.

Many houses are what HFWL embodies. Your apostle is a builder of houses under the master builder Jesus Christ. You are a house. We have a corporate house. We have the "Father's House" and we have a missionary house. We have a house of "Let the Little Children Come" which includes our daycare assignment. We have houses of businesses that operate by the righteousness of Jesus Christ. This year we will see two other houses one being a house for teaching preschool and another a house for young men and older who desire to come out of a poverty mindset to serve the living God. When the apostolic school manifests this too will be a "house among houses". God gives us the blueprint for these houses. He has already prepared the way but we must do the work that He requires to see them come to pass. This is the building of God's Kingdom on earth. As you mature there is a place of purpose, passion, and pleasure for you in this house of houses. The works of the Kingdom of God will become your delight if you align with the chief Apostle Jesus Christ and the apostle He sent to you.

Philippians 1:6 (ASV) being confident of this very thing, that he who began a good work in you will perfect it until the day of Jesus Christ:

I hear Christ say, "The Father's mansions are HFWL's expansions". This is so powerful and it will become very real to you as you mature this year. I see in the years to come a faith housing development, which will be run by the standards of righteousness. This indeed will be called Kingdom Government Housing. People need a decent roof over their head and a place they can own. This will teach people to honor others by honoring themselves. I also see projects overseas as well as new business ventures.

Hebrews 13:20-21 (KJV) Now the God of peace...make you perfect in every good work to do his will, working in you that which is well pleasing in his sight, through Jesus Christ; to whom be glory for ever and ever. Amen.

HFWL will sponsor forums this year to unite the body of Christ with other local apostolic houses. We will also see a perfecting within the four pillars of the church: apostolic doctrine, fellowship, communion, and prayers. This will give way to a new strategy among the nations giving way to more effective results.

Apostle Linda Lariscy

For very many years but it's been a hidden work. But now is the day and now is the time for it to arise for the people to see. And what will the people see? They will see you and they will see you and they will see you. And it will be my glory that they will see, and you will be a sign and you will be a wonder. For they do not understand who I AM, but as you come and present yourself a living sacrifice to me, they will begin to see you, and have knowledge of who the Lord is. So now is the time. It is arising now and I'm calling each of you to be my true and faithful witness. I'm going to carry you; I'm going to carry you over. Now is the time for you to make your choice. For I have already made my choice, says the Lord. For I have not rejected you, My People, do not reject me. For I'm calling you to be my very own- to be My Treasure, for I have made up Treasures in my Treasure room, yes there's a Treasure room and there's many Treasures. But it is you and it's the words that you speak of me when you are gathered together. The words of Love, the words of endearment that you speak about me My People, those are my Treasures, for you are my Treasure. Won't you come out, won't you come with me? I will carry you over, I will carry you over, I will carry you over, says the Lord

You are the stone that has been thrown out, but God is going to use you, He's going to place you and He has placed you in this county and He's placed you in this territory to do a work. And He's has called you and He's called you by your name and He's calling you to rise up and He's calling you to take authority over yourself so that you can bring light, you can bring justice into this place and you can show mercy and you can show love and you can really live in unity and live in freedom and flow in a goodness. That you will wear your crown and that you will be displayed and you will show that you are good and that the Lord is good and that His mercy endures forever and that He is a God of Salvation, He is your Rock, He is your Deliver and that He will strengthen you, He will confirm you and He will establish you and I just declare in the name of Jesus Christ that as we delight ourselves in the Lord He will give us the desires of our heart because He has a heart for us and He's giving us His heart and He's placing it in our minds and our hearts and in our being and He's just bringing us up to a higher level and He's allowing us to really move in a fullness of Joy and of clarity and of understanding of who He is and of our identity in Him and who He's really aligning us and positioning us to be in this county – In the name of Jesus Christ

I see the solar system, and the center of the solar system is the sun. And I declare that HFWL is the sun in this community. Father, not that everything revolves around us, but that we are the center of the community, and where HFWL is there is light. There is light in the darkness, and I declare that anything that comes close--comes even within five feet of us, Lord, that is in the dark, will move away in the name of Jesus Christ. For anything the light touches will draw away all darkness; there can be no dark when the sun arises; all the darkness fades; it runs

away; it goes away. And I just declare that these people in this house, Father God, that they will be the light, they will be the light in their houses, they will be the light in their families, they will be the light on their jobs, in their schools, in the name of Jesus Christ. I just thank you that the light, its greedy, Father God, but it's because you're a jealous God, Lord, and everything around, Father God, you want, you desire, you need, you crave, father, and I just ask that we would have that same desire for you, Lord. That the light that's within us, Lord, will take away any darkness that still remains in the name of Jesus Christ, and I declare that this is the year. In the year of 2016, we will plant our feet, Father God, in the light, and we will remain and any dust that rises up against our feet, we will kick it away in the name Jesus Christ. I declare this to be a thing, and no devil in Hell can take it away from us. In the name and by the power of Jesus.

I see us rising. If this town/county is going to rise, we have to rise first. We have to shake the dust of all the trivial things that hold us back, and we have to put Christ as number one in our lives and our affections. Nothing else can be there except for Him. And as we rise up we are going to bring others with us. Others will see the way. They don't know the way right now. If we are standing in the dust like they are, how are we going to rise? How are they going to rise because they don't know which way to go? As a caterpillar crawls in the dust we are going to be transformed into butterflies that fly up into the heavens. And others will see the way, and others will follow. But if they don't see it in us, they're not going to change. If they don't see it in us nothing is going to happen. But as this body, and this body will rise, and this body has already risen, and as we rise higher and higher others will see and say this is the way to go. Father help us to be that light, help us to be the ones that will set the pace that the rest can follow. So the rest can have something to follow. We pray this in the name of Jesus. Amen.

Message: Rise Up and Rule

Apostle~ What are you excited about?

Declarations

Rebecca Woods-As Apostle says, we're starting this but you're going to finish it. You're going to see this territory; you're going to see it change. You're not just going to hear the words and go uh huh, uh huh, uh huh. You're going to see a change and you're going to know that it was because of the Jesus in you. Because Jesus in us is the only hope of glory that the people in this territory have and so you can't give up and you can't let little things get to you. You got to press forward because its so, I'm so excited to know that I'm going to see it in the land of the living.

Race-This is going to sound so religious but its not. I'm excited that I get to go to work tomorrow. And I get to share Jesus with somebody.

Hope-I'm excited for the apostolic school that's coming, sooner than later.

Susan-I'm excited because I can tell that already and there's more to come the strongholds are being broken, over Wrens, and then out throughout the county.

Teresa King-I'm excited for just being able to be in a place when spontaneous worship comes that we share it that its corporate, that its not something I have to do just by myself, in a place where there's freedom. I really appreciate that.

Henry Johnson-I'm excited about the unity that's coming in this body. What happened throughout 2015 and the unity that came and how much more it was at the end of 2015 than it was at the beginning and just looking forward to and the more unity the more unity, the more there is, the more that comes, and to think about what is to come is exciting. Apostle-Its love isn't it?

Shaun-Couple of days ago, Rachel was talking to me the other day about how she wanted to have a super power and I said, you already have one. Jesus gives you super power called grace and you're able to quit things you'd never be able to

quit outside of the body and I told her some of the things I had quit, I said I quit smoking and quit doing drugs. She said, you used to smoke? I said Yea, so I'm excited to be a part of this body that can access apostolic grace like that and really really see it change my own life, you know, and be able to see it change other lives too

Ivalee-I'm excited every Sunday morning when I get up and get dressed and listen to you on the radio and be here and let you feed me. Keep feeding me your word and on Wednesday night. Keep feeding me. You have brought things out that no one else can. Praise the Lord!

Thersa Prickett-I'm excited that my son and my grandkids are here and I can see. And its rooted in the fact that I don't have to see my grandchildren go through sexual immorality with sex before marriage that they don't have to step into the drug life that I was exposed to or my kids were exposed to because of the exposure I was in. The stealing, the hell that I lived in. And the apostolic school for protection, I am so excited about that and I can see my grandkids being a part of that because it will bring protection from the influence of the world outside-tolerance for homosexuality and sex before marriage, drugs, alcohol, everything of the world. I'm excited for that.

Cecelia-I'm excited that people are embracing the love of God and the love of God is actually changing them. You know its like, I'm telling you yesterday its like God you kidnapped me, I've been kidnapped and I've been let back out and I don't fit here, I don't fit in the world anymore and I look and I grieve because people don't know the love of God. But I believe that these people in this house know the love of God and they're embracing it.

Rod-I'm just exciting that God is bringing me and showing me a new life, being able to live for Him and not for the world.

Brent-I'm just finding out that there's endless possibilities in God and I'm thankful that He's not just contained in a small little area that He's much larger than we can even imagine right now. And what He's already prepared for us is much larger and I'm thankful that God's allowed me to have a capacity that will allow me to move into those things He is already preparing and that He's in the midst of doing so much in me now that I don't even know what's going on. Even when I

am offended at what's going on all those are working together for a purpose of making sure that I'm going to take on what God has. Apostle-Put Togo there. It's there. Brent-I've told Komi several times that in the past I've always envisioned Africa but in the last few years I've seen it differently than I've seen it in the years before, it was all about, it was seeing myself more and I was so excited about what, it was an immaturity, but God is beginning to show me now in the last couple of years that the purpose that I have there is much greater than I even thought back then and I'm seeing the business aspect of everything is going to implemented. Apostle-Say "I'm a rushing mighty river." Brent-I'm a rushing mighty river. Apostle-to break poverty. Brent-to break poverty. Apostle -in the Name of Jesus Christ. Brent-in the Name of Jesus Christ. Apostle-Its going to break. Amen. Brent-Its going to break.

Kris-When I pulled up this morning, I was facing the post office, I was facing that mural that's on the side of the wall and what struck me as I looked at it, I even helped paint it. I've looked at it a hundred times. The Holy Ghost started showing me that each individual brick makes up the whole picture and then, written on it it says One Nation under God and that just struck me that we are each a brick that makes up this whole beautiful picture, that we are all a holy nation under God. I mean God has always moved throughout the generations starting with Abraham all the way on down to us now. I'm just thankful and I'm excited that He sent me to HFWL, its like Brent said its just a remnant of what He's doing all over the world, and He chose each one of us to come and we get to take part in what He's been doing from Adam all the way to here. I'm just so thankful. Apostle-You're chosen. Kris-Yes, I'm chosen.

Camden-I'm excited for my Mom and Ms. Thersa when they burned their sinful clothes. Apostle-Did you hear that? Say it again. Camden-I'm exited when my Mom and Ms. Teresa burned their sinful clothes last night. Apostle-He's so excited that his mother Jessica and grandma Thersa burned their sinful clothes last night. Now some of you don't understand what he's saying. They did that prophetically because they found clothes in their closet that they had actually worn when they were in sin, when they were purposely moving in sin and that clothing reminded them of that sin and this is scriptural you know, burning the clothes that represent the old life and Camden, what are you, about thirteen. Camden-I'm 14. Apostle- you're 14, is excited about that. Give him the praise.

Hope-I've got another one. I'm excited about giving my Passover because so much has already come to take that away from me so I know that I've got a heck of a blessing on the other side of it.

Lee Woods-Apostle, I'm excited to be part of a kingdom business where I have sisters in Christ in Lisa, and Hope and Ja'Brenna and Rebecca to inspire me and to motivate me and then I have strategy from Susan and Gina and you, Apostle, to come and help me. Old mindsets I had, old operating systems I had, it doesn't have to be that way anymore. I don't feel alone anymore, I don't feel helpless anymore when things go wrong and I know that the Holy Ghost is flowing through those strategies and I'm also very excited in natural that our group is being added to cause baby Neal is coming this weekend. So we're excited about that because we love Lisa and are pumped about that deal.

David Wells--I'm excited today. It may sound financial but its kind of a blessing. We've been praying about how we're going to come up with money for a seed offering and what we found, we went to file out taxes it looked like just a small amount. It worked out to be about three times what we thought we were getting back and now we're blessed to have something for seed and take care of those things.

Jennifer-I'm excited because I'm coming out of my fear. I'm excited because I know that the devil is a liar. I'm excited because I'm going to start using my voice more than I do. I'm excited because I know when the devil is speaking a lie. Because sometimes we don't know when he is speaking a lie and if we don't know when he is speaking a lie that we'll believe that lie so I'm excited that I know that I'm going to be the head and not the tail, I'm going to be above, not beneath. I'm excited that I'm rising up higher.

Rebeckah Wells-I am excited that I am a daughter of a King.

Karen-Apostle I'm excited off of what Lee had said. I am excited about all of the infants that are going to be in the nursery now. We've got Tiffany and Eugene babies, we've got Lisa Neal's baby coming and we've got y all's baby over in the nursery and its like boom boom boom boom and we had no babies for such a long time and now we've got babies and I'm also so excited about lots of babies. I'm excited about all the attacks that the devil has made on my body a lot lately. I

have been attacked after attack after attack and it lets me know I am right on target, I'm doing something for the Lord or he wouldn't be trying so hard to take me down so I'm excited about that and another thing kind of off what Shaun was talking about a while ago, when you spoke Wednesday night about an alcoholic and when they're suffering from liver disease or something and we want to pray him back to health and we shouldn't do that and I thought thank you Lord for a house where we have a different kind of word, and you know its scriptural and why do we want to pray that that person is healed so they can continue in the sin they're in but here we get the truth and my daughter and son-in-law are living that right now with a family member and its like all the religion is saying, Aw, poor thing, lets pray for him, don't keep him away from his grandkids, don't do this, don't do that. No he needs that if he's ever going to fall on his knees before Christ. And I'm so thankful for our house because I see it almost like a sonic boom. It's just going to ripple right on out from here to where ever.

Lisa Neal-I'm thankful for the breaking that happened, in my own personal I can see. Apostle-You're going to have a breaking soon. Lisa-Yeah, that'd be OK sooner than later honestly but I see the body differently, I see how people are moving differently, and it's a blessing. You could trade this but you could never find this anywhere else.

Linda Walker-Lord let me keep my soul down. I am so excited that our team in LLCC flows by the Holy Ghost. They're not using a textbook curriculum. They use the Holy Ghost apostolic curriculum. And they flow in it every week. I'm excited and so thankful that I have a granddaughter over there, who's not only being taught the Word of God, but how to actively walk in the Word of God to the point that they work with them what repentance is and allow them to experience what it is to fall on their face and admit their sin, cover their heads now they've practiced, and I'm so grateful for that.

Bradley-I'm excited that I'm a part of a body where everybody-there's just power there, that the people I hardly ever associate with, they can tell me something and it will make me completely change up my mindset and I'm excited that every day I come here I can always get something to come away with, even though I can be stubborn at times, but I'm declaring that my stubbornness is going to be broken. I'm declaring that I'm going to start listening to people, I'm going to start obeying and coming under the people that have the higher spiritual authority

than me. I'm declaring that I am going to come out of my mindset of sexual immorality, I declare that I am coming out of my mindset of rebellion, of pride and pretense, I am coming out of it. I'm declaring that I am not going to be taken by the world, I'm not going to let my mind be taken by anything other than what is right.

Elisha-

This really started early this morning on the way here. Holy Ghost was speaking to me about HFWL. Holy Ghost is real grieved with us right now because so many of us, we don't live our lives day to day. We base it on a Wednesday and a Sunday. You don't (We) don't live as people Holding Forth the Word of Life. We should Hold Forth the Word of Life Twenty-four Seven, not just on a Wednesday and a Sunday, no matter where you are you should be living Holding Forth the Word of Life. Even if, it could be the smallest conversation you are having with some body, it should always contain the Word. Not giving people directions on your own intellect because we have to realize that when we give people directions on our own intellect we have their blood on our own hands. And that is just so grieving.

People it's time to get up off your bed and walk. Play time is over. Pretense time is over. You can't fake no body out. I mean you could fake yourself out, you can fake people, you can't fake Jesus He knows what's going on. Who is more important to Him, nobody. So why I can speak on this because I've done it and God was grieved with me and He's grieved with whoever is moving in it right now. It's time for us to work on ourselves so we can move out and do some thing about this territory. We can't do nothing in this territory until we work on us. Play time is over. So when someone comes to you and correct you, there's no need of getting offended, if you don't want to be offended don't do it. So get on the train or get left behind. It's time people.

I can say when I was in the world of sin I always felt heavy all the time. When I moved through my soul and intellect it would start out good but it always fail. So in 2014 I came here and listen to the word and I got home I would get my bible and researched the Word and knew that your word was precise and true. I kept coming back and I enjoyed it. I took notes and I enjoyed it. About a month later you asked who would like to have prayer? I was one of the first ones to want it because I wanted to know who Jesus really was. I thought I knew Him, but I really didn't. I could say yes Jesus is real but I didn't believe in people at the time until I got here. I didn't know that I was a spirit, had a soul and lived in a body and I learn that here. That Holy Ghost lived in people, not that God was going to come down and do anything for me, He was going to do it by Jesus through people with skin on. When I got imparted with the Holy Spirit I surrendered myself. Am I perfect? No I am not but there are times my soul wants to rise I have to pull it down, I have to step on the devils' head, I have to get the dust off of me, because Satan belongs under my feet. I am above and not beneath and this ministry shall rise in the name of Jesus Christ. No weapon form against this ministry will prosper in Jesus name. We've got to stop holding offenses in, we've got to look over the small things. He said the small foxes spoil the vine. The small things are going to keep our wars down in heaven. I want to receive the full capacity of heaven. What Jesus has offered me He's got it for every body that wants it and will open their selves up. We can't make nobody do anything they don't want to do but I enjoy coming here on Wednesday's and Sunday's . And another thing we can't wait to just warfare when we get in here because if we wait, Monday, Tuesday come Wednesday by four days the devil has already beat us for five days and two days it's hard to fight. We've got to fight and warfare daily. We've got to have a devotion with Christ daily. I have it every morning, every morning I stand before Him. I dress up and I warfare. You've got to put your armor on before you go out and fight because you can't fight by yourself. I am thankful for my spiritual leaders that can pick me up in the spirit realm and intercede for me. I can pick up others in the spirit realm also myself. I thank God for all you here and I speak blessings over this ministry in the name of Jesus.

Ungratefulness. I've felt ungratefulness all day long. We have little rises. You can sense it in the spirit realm. You feel a little rise in the anointing. You feel a little shift in the people and then it flat lines. It was like priming a pump to get people to praise Jesus this morning. True or not true? But I look at it corporately. I was sensing this in my spirit when we were praising Jesus that every stronghold in this territory knows this is a hub, ok this is a hub, this is a house of Jesus Christ. This is a house of prayer, a house of praise, a house of worship, but do not forget that you are in a war room right now. We are gathering together corporately this morning in a war room to receive the Word which is the only thing that brings transformation to us. As we transform into the character of God we are going to rise up. We are going to rise up in His image. We're going to become a might army a force of righteousness. It says that the violent take it by force right? We are a hub. We are right slap dab in the center. You should walk out this door and look at that red light and notice all the different towns and all the different directions. We are a hub, a center, we are a force of righteousness. These strongholds know and they are on alert. I was looking as we went out Thursday. Apostle went out Thursday with us to deliver plates. I really sensed a lot in the Spirit when we were out because the Apostle went out with us. It was because of the apostolic anointing. Apostolic anointing is present and we go out because we are sent, it was something very specific I felt in the spirit realm with Apostle going out. It was like alert, that is what I got. It's like an alert, it's like an alarm goes off in the spirit realm because these strongholds in this territory are taking notice. As we rise as the body of Christ truly in His power and His strength our lives are transformed. We are truly going to be such a strength a force of righteousness. But the enemy comes at us in our personal and our weak little spot that we've got here and there to get us focus on that little pain under our arm pit to get us off the true purpose. Get us off seeking the Kingdom of God and His ways and His righteousness, knowing He's going to take care of the little pain you got over there. I'm not just talking about physical pain. I'm talking about pain that's annoying you. I'm talking about elemental spirits that comes to block you. Don't

forget what Jesus Christ has done for you. I think about that scripture so much. I wouldn't trade what I've gone through, I wouldn't, I wouldn't trade my past for nothing. I'll tell you why, there's one reason why. It's because of the love I have for Christ, because I know what He's delivered me from. And no matter what comes my way I have so much gratefulness in me. Anxiety pops up, what is that? Y'all, I have to look at what He's already brought me out of, He's not fixing to drop me like a hot potato now. So why am I going to get off on that?

I sense in my spirit Apostle it's a hardness, like a brass heaven in the atmosphere but I also sense how the enemy has come to kind of numb and dumb to get some of the people off track so that they don't rise up corporately in the anointing that they have to overcome and hit that brass heaven. I saw opening doors a while ago in the spirit realm, I saw us open the doors, stepping in alignment, open our mouths and hitting the spirit realm. It had to bow. That's who we are y'all, we have to see our self in the spirit. We are a hub. There's great power, the power of Jesus Christ. He has sent each of us here for a purpose and it's not coming to church on Sunday and Wednesday. I look at the people and I see such strength, I see greatness. I do I see it; I see it on your countenance. But y'all it's like Dexter said, the devil belongs under my feet. That scripture right there has brought me through a lot.

Can I just preach a minute? The first word is what "I" whose I? Whose speaking? No read it again. "I give unto you" unto who? "you". Whose I? Jesus Christ is saying unto His people "I" I'm Jesus Christ, I have resurrection power, I give unto you, unto me power to tread on serpents and scorpions and over all, not one or two, three or four or five the ten, all the power of the enemy. Do you have belief or unbelief? Do you believe it? So when annoyance come, anxiety comes, frustration comes, anger comes, doubt comes, I give unto you power to tread, to stomp, because the devil belongs under my feet, under my feet in the name of Jesus Christ, you're under my feet, every block, every hindrance, you're under my feet because I'm a corporate being. I don't have a personal life, it's on the side line. You do have a personal life, it's on the side line. But I'm a corporate being, because Jesus Christ has given unto us all power and all authority, because we have a purpose here and it's a greater work Apostle, it's a greater work.

This what I got this morning on the wall and it was about Mary and it goes back to being pregnant. God knows we are pregnant right now. I don't know if y'all feel it. If you don't feel it something is wrong with you. You better wake yourself up and you better shake yourself up and get alive, because God is doing something in this house and you can either be a part of it or you can go out that door it doesn't really matter. We need to get what we are pregnant about. The Apostolic is on the move and it's the only thing, the only thing that's going to save these people that are walking in dead religion. Unfortunately for some of you we are it, we are that, that is what we are. But for some of us it is this pregnancy. This baby is about to be birth. It is just so exciting. God showed me this morning about Mary and when Mary found out she was pregnant, can you put yourself in her position? Can you even imagine what was going through her mind, oh my God I'm pregnant? I'm promised to this man and I'm pregnant and I'm a virgin. Who's going to believe that I'm a virgin but I'm pregnant? Seriously who's going to believe that? Who's going to believe that this small house of probably a 100 or so people can make a change in this territory? Who's going to believe that if we don't believe it? Mary, if Mary didn't believe it what would have happen? What would, what would have taken place? But she believed it. The Word said that her soul gloried the Lord and her spirit rejoiced in the Lord. Why are we not glorifying Him with the way we are living? Why are we not praising Him? Our born again spirit should be praising Him. But our soul that we have, we have to kill every single day, should be glorifying God.

We were meeting with intercessory prayer the other night and Apostle asked a question why we don't have a burning in our belly for the souls of men? We just want to look out there and see what's there. Even in the house here and see what's here. There are some that aren't willing to lay their lives down for their brother or sister. So it comes down to desires and that's what you know that tags right along with what Karen was saying. I'm ready to go back into foundations this morning. I'm ready for Mr. Sonny to teach me. See that's a miracle. But why? It's like you said what's the difference? See I've had people in foundations for over 3 years now? Can't get them to listen to the CD, it's 30 minutes. Now he admitted he had hindrances come upon him and it's going to happen. The last thing he told me when he walked out that door Wednesday night is "I'm going to listen to that CD Mrs. Rebecca. I'm going to listen to that CD before I get back in here." But see when he said that, that was his spirit man, he's a man of his word. He's already got integrity of Jesus Christ rising in him. You told us in intercessory the other night, it's about Christ filling up, forming in us, filling us up, pushing out all the flesh, so that we can do what we've all been sent to this territory to do. You did not just fall out of the sky and land in Wrens Ga. I use to drive through this place and think, who in the heck would live here? God Almighty put my husband and I here and our son. I was just thinking the other day, I don't know how many of you know this, but I had, like Apostle several miscarriages before I had Mitch, but you know, oh my God, God was perfect. God didn't take my children, but we moved away from Atlanta before Mitch was 7 months old. Mitch is to be, He has a purpose and a destiny in Wrens Ga. He wasn't anything about Atlanta Ga. That desire in him, I want it to burn. That's what it all boils back down too. What is our desire? Is our desire us or is our desire that? Mr. Sonny your desire right now, you are still some in your personal, and you should be, but your desire is change. As your desire keeps burning in you to change, then you are going to grow and as you grow that desire turns into you a desire to change to help other people to change. If you don't desire it and you keep trying to kick up the embers and the flames in your soul and it's not happening for you, then maybe you need to go somewhere else. Maybe you weren't sent here, maybe you

just went here. We have a job to do in this territory. It's going to take courage and it's going to take strength of the Almighty God and it's going to take laying our lives down on the altar of Jesus Christ to do it and we can do it in the power and strength of Jesus Christ. We certainly can't do it in any of our souls.

The Apostle talked earlier about words that come to you. The Potter's wheel came to me. What does it take for a pot to be done? It has to be moist, it has to be soft. If it gets hard the potter has to throw it away because it can't be molded any more. It has to be soft. The moistness comes from the Holy Spirit but the pliability comes from our heart and the Lord's williness. Lord shape me, mold me like you want to be. That's the word that came. Lord make us, this morning even on the platform praying that's what came into my mind, I said Lord make us like that pot that's ready to be molded, ready to be shaped, no hard spots there but just moistness and ready for the Spirit of God to come upon us and shape us as God wants us to be.

When Apostle Linda gave the word to praise. I started praising the Lord and I saw a vision of a person that was just white as snow with their hands lifted high but it was surrounded by a heart and then I heard the Lord speak that as we are praising him that we're cleanse, but we're surrounded in His Love.

I went to a family wedding yesterday and this has been strong in me every since because here we bust godless religion and we bust poverty and we bust racism. There was so much godless religion and as the Holy Ghost is speaking this morning, that we get quite, that we love our self, that we learn how to praise Him in and out. Its so important because we have to go into these places and we have to be who we be and it has to be authentic. It can't just be an act or behaviorally modified self. When you go into situations like that, because you see people pray and take vows and then you see them go party up and it's just so grieving. That's where I've been this morning and I'm just hearing the Holy Ghost say be authentic in Him.

When you were carrying the basket along and walking back and forth and said, I don't know what it means. I could see in the Spirit like you are carrying the load of the people back and forth. It's like sometimes we are so immature we don't get it. It's like you are trying to carry yourself and carry the people along to get it. Sometimes it grieves the Spirit when you want them to get it and they won't get it. It's like some of them are still on milk instead of on meat. I had a dream yesterday morning where I was just eating fried chicken. I was just eating chicken over and over. I begin to tell Dexter, "I woke up eating fried chicken this morning and that's meat". The people need more meat than they need milk. Some of them are still on milk and that's the reason you have to keep carrying them along the way, because they won't get it. You keep telling them over and over and they won't receive it. It's like they have a death ear and a hard heart like you were saying last week. The heart is so hard the word can't enter in on a hard heart. As long as they are still on the milk they won't receive it in it's fullness because they

need to eat the meat. They are still trying to suck on the milk. I say in this house you can't stay on milk you've got to get on the meat for you to be able to go along or else you're going to stay immature.

There's some people in the house that have really laid it down and I'm speaking to you by the Spirit. You've really laid it down and you have a heart for God but you are struggling this morning because you've been sinned against. The Lord says, take heart my child, take heart, move through it, move through it because He's going to bless you. Remember Jesus was sinned against, yes? He was spoken against. He was put on the cross right? For nothing. No fault of His own. Come on you all. He was put on the cross for no fault of His own and people looked at Him and said; you're a criminal. Can you get that? Sometimes people will make you feel like a criminal and really you're not a criminal you love Jesus, Amen. So just don't sweat that, just know that the Lord is with you. He sees that and He's going to use it. He's going to use that because you need your flesh crucified Amen.

Message- Double for Your Trouble

The level to which we're open to be inconvenience in Christ is the level where we are in spiritual maturity.

Apostle Linda- The level in which we invite inconvenience in Christ. So that would mean pray that you're going to be inconvenience. More and more and what? But it has to be an inconvenience in Christ. We'll inconvenience ourselves for the devil as the day is long. If you don't believe it try shopping on Christmas Eve. How many of you have got up to go get those door busters at 6 o' clock in the morning? Let that ride on you just a minute. To save 10 bucks. You'll get up at 5 o' clock in the morning to brave the crowds, can you see that? Sometimes we

inconvenient ourselves for people who are in the world. We dare not say no to a sinner, but we will say no to God. Who gets this? The Lord is saying through our Teacher Rebecca today that we need to look at that.
